Small- and Mid-Cap  
Conference**

**Frankfurt – Zurich – London**

## OVERVIEW

We look forward with great excitement to our traveling Small- and Mid-Cap Conference, to be held from

27th – 29th June in **Frankfurt, Zurich & London**

Our Small-Cap & Mid-Cap Conferences afford little-known companies a chance to showcase their capabilities in front of a group of savvy institutional investors – declaring what their organizations are all about, what innovations they have developed and/or capitalized on, how they stand out from their rivals and why the investment community should pay attention to them.

In our view, even some seasoned investment professionals simply do not grasp that thousands of small/mid-cap companies meet or exceed large-cap companies in terms of favourable ratios, strong cash flow and low debt.

Our goal is to shed light on the small-cap & mid-cap space and its wealth of investment opportunities. Our collaborative and informative traveling Conferences contribute greatly to this enlightenment process, as we introduce companies that boast sound fundamentals and intriguing stories, show fast growth and profitability, or otherwise hold great promise, yet are largely unknown to investors. And this in the 3 most important European financial centres: Frankfurt – Zurich – London.
